

Thank you for your consideration of supporting Cindi's Hope with an annual school supply fundraiser!

Here are the steps to set up your own pencil pouch station:
(click on embedded links)

1. Order these or similar pouches. Make sure they have the 2.1x3.4in label slot.

2. Print and cut label slot inserts.

3. Print and cut children Inserts. There are 3 children per page, so just print as many pages as needed from anywhere in the pdf.

4. Assemble your pouches with front labels and inserts. (*Bags are intended to be reused from year to year, with people keeping the insert and only the insert needing replaced each year.*)

5. Print and cut display area information. Affix labels to two baskets or small buckets where people can pick up new and drop filled bags.

If you would prefer preassembled bags be delivered to you, please contact cindi.lynns.hope@gmail.com with the quantity and address you would like them delivered to.
